## 5 Years of FORUM 16

Since this autumn is busy for us, we will not be able to organize a birthday party to celebrate 5 years since FORUM 16 was established, but on the social media of FORUM 16 every day from August 16 to September 7 we will post a photo to remind you about some of [our most important dates](#) in the past 5 years. During this time, we have grown and developed in a way that is unique to us. For some years the pace was faster, for some slower, but we managed to survive 5 years in the civil sector despite the numerous challenges we face. May our years and successes together be multiplied!

## Membership in several networks

In the past few months, FORUM 16 has become a member organization of 3 important national networks of organizations. In March FORUM 16 joined the Coalition against food waste, during the General Assembly of the National Youth Council of Macedonia (NYCM) in May we became a full member as a youth organization, and in June, we joined the Media Literacy Network in Macedonia. We hope that these networks will help strengthen the partnerships and capacities of FORUM 16, but at the same time we will strive to contribute to what we have learned from our past work to the work of other civil society organizations in the country.
